KATHARINA DOBIOSCH

FRONTEND DEVELOPER

ABOUT ME

Becoming a Full Stack Developer with a design background and 13+ years of experience in Retail including an own store opening. Will have graduated a 1-year intensive training in Full Stack Web Development (MERN Stack) by the end of January 2022.

Finally found out where my strengths are and in which area I can use them. Love pretty things and design. My heart beats for code and my focus lays on Frontend Development.
